

Various Kinds of Support

We provide childcare services to help you raise your children with peace of mind. Please feel free to contact us.

Child-Raising Consultation/Support (Consultations about child-raising and development.)

Health Promotion Division, Mother and Child Health Section (Haramachi Health Center)
0244-23-3680

We also provide consultations for parents and their infants with nurses, nutritionists, dental hygienists, clinical psychologists, and speech therapists.

Infant Language Classroom 0244-22-4708

We provide counseling and guidance on language delays, pronunciation, stuttering, and other speech development concerns.

Home Start Minamisoma 090-7522-0529

We provide a support volunteer to visit your home and help with child raising. We prepare for childbirth, help with hospital visits, raise children, and do household chores with parents. It is free to use and you will be visited once a week for about 2 hours for a total of 4 times.

Children's Home Division, Children's General Consultation Room 0244-24-5407

We will provide consultations regarding your child's development. In addition, we created a consultation support file "KAKEHASHI" in the hope that those who are concerned about development and parents and children who need support can receive consistent support. Feel free to contact us and use our resources.

Fukushima Prefecture So-So Education Office 0244-26-1314

For children, students, and parents who need support, we provide consultation with school faculty members.

Social Welfare Division, Disability Welfare Section 0244-24-5241

We will provide information and consultations regarding the various systems that offer support for children with disabilities.

Consultation Support-Soma Office	0244-24-3553
Minamisoma Children's Support Center (Kanon)	0244-26-6944
Consultation Support Office "Tomoni"	0244-46-2093

We will consult with parents who are worried about developmental delays in their child.

Community Support Center (Shisei) (Within Fukushima Prefectural Soma Support School) 0244-67-1515

We provide consultations and advice on matters related to child-raising and education of infants and students with disabilities, and hold a parent-child class called "SUKUSUKU" for children who are not yet of school age to provide childcare consultations and support.

Fukushima Prefectural Rehabilitation Center (Koriyama, Tomitamachi, Uenodai 4-1)
024-951-0250

This center functions as both a child welfare facility and a hospital that provides comprehensive treatment, training, childcare, and lifestyle guidance.
