

# ◆◆ Address Registration Guide (Mobile Phone Version : For Residents) ◆◆

In order to use the Minamisoma disaster prevention email system, please register as follows:

## 【When registering a new email address】

### ① SEND A BLANK EMAIL:

Send a blank email (without a body or title) to the address below.

宛先	<a href="mailto:minamisoma@cousmail-entry.cous.jp">minamisoma@cousmail-entry.cous.jp</a>
件名	なし
本文	なし

You can also send a mail using the QR code above.

### ② RECEIVE TEMPORARY REGISTRATION ACCEPTANCE EMAIL:

After you send the blank mail, you will receive a temporary registration acceptance email. Please click on the link provided within the email within 30 minutes.

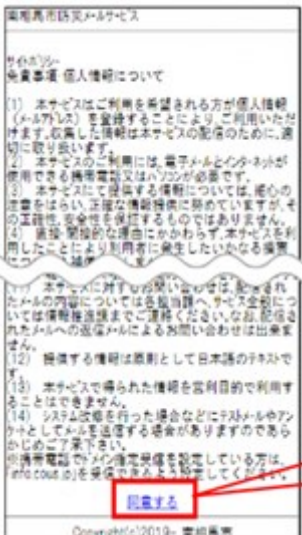

Click this link.

※If you miss the 30-minute window, please re-do step one and reapply.

※If you did not receive the temporary email, please refer to page 6 about your email settings.

### ③ READ AND CONSENT TO THE SITE TERMS AND CONDITIONS:

After checking the contents of the site terms and conditions, please hit the “consent” button 「同意」 below.

After checking, click “consent” (同意).

### ④ ADD LOCATION:

In order to add a location (which location you will be receiving alerts for), click the “add location” button, or 「配信先追加」, then the list of locations will appear. If you do not wish to add a location, click the “next” button, or 「次へ」.

Click here to add a location.

Click here if you do not wish to add a location.

### ⑤ CHOOSING AND CONFIRMING LOCATION:

Choose from the list of locations of which area you would like to receive notifications for. Then click the confirm button, or 「確定」.

Check your location.

② Click “Confirm”.

小高区 : Odaka | 鹿島区 : Kashima | 原町区 : Haramachi

### ⑥ CONFIRMING LOCATION ONE MORE TIME:

After confirming your location, you will be brought back to the same screen as in step ④. If the location you chose is displayed on the screen and correct, please choose the “next” button, or 「次へ」.

Your chosen location is displayed here.

Click next.

### ⑦ CHOOSING KINDS OF WARNINGS/ALERTS:

In order to choose the kind of warnings or alerts you'd like to receive, click the destination button, or 「配信先追加」 button and the various kinds of alerts will appear in a list. Choose the ones you want to receive and then click “confirm” or 「確定」.

(If you do not wish to add specific warnings or alerts, click the “next” button, or 「次へ」.)

### ⑧ CONFIRMING WARNINGS AND ALERTS:

After choosing all your desired warnings and alerts, click the confirmation button, or 「確認」.

### ⑨ CONFIRMATION DISPLAY SCREEN:

Check all the information you have inputted up until now and if everything is correct, click the “register” button,

### ⑩ REGISTRATION COMPLETION SCREEN AND EMAIL :

After clicking register, you should see the confirmation screen to the left below as well as receive a separate email stating that your registration has been completed as seen below on the right.

You have completed the registration process!

## 【When changing contents of registration】

After you complete the initial registration, you can then change the contents of your registration.

※Please note that no additional settings will be made in the new registration procedure on page 1.

### ① SEND A BLANK EMAIL:

Send a blank email (without a body or title) to the address below.

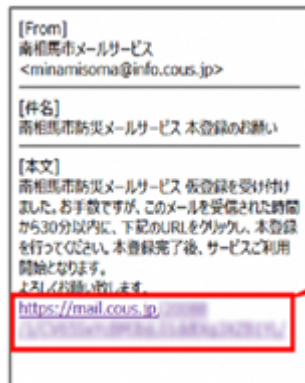

宛先	<a href="mailto:minamisoma@cousmail-check.cous.jp">minamisoma@cousmail-check.cous.jp</a>
件名	なし
本文	なし

You can also send a mail using the QR code above.

### ② RECEIVE TEMPORARY REGISTRATION ACCEPTANCE EMAIL:

After you send the blank mail, you will receive a temporary registration acceptance email. Please click on the link provided within the email within 30 minutes.

Click this link.

※If you miss the 30-minute window, please re-do step one and reapply.

### ③ CHECK CONTENTS OF YOUR REGISTRATION:

Here you can check all the information of your registration. If you want to change the contents, click the “change” button, or 「変更」.

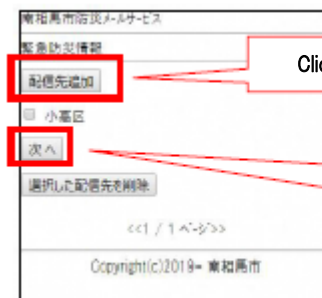

Click the change button.

### ④ CHANGE LOCATION:

In order to change the which location you are receiving alerts for, click the “add location” button, or 「配信先追加」, then the list of locations will appear.

If you do not wish to change the location, click the “next” button, or 「次へ」.

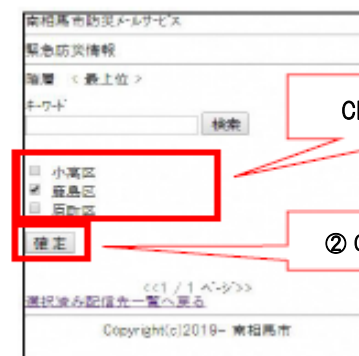

Click here to add a location.

Click here if you do not wish to change your location.

### ⑤ CHOOSING AND CONFIRMING LOCATION:

Choose from the list of locations of which area you would like to receive notifications for. Then click the confirm button, or 「確定」.

Check your location.

Click “Confirm” .

### ⑥ CONFIRMING LOCATION ONE MORE TIME:

After confirming your location, you will be brought back to the same screen as in step ④. If the location you chose is displayed on the screen and correct, please choose the “next” button, or 「次へ」.

If the location you do not want to register is displayed, follow the procedure in “[POINT] DELETING LOCATIONS”.

### ⑦ DELETING LOCATIONS:

**[POINT]** If you want to delete a registered location  
In order to delete a registered location, click the location you would like to delete and then click the “delete chosen location” button, or 「選択した配信先を削除」.

You can also delete locations before adding a new one.

### ⑧ CHECKING CHANGED DETAILS:

### ④ DELETION COMPLETION SCREEN AND EMAIL :

After clicking delete, you should see the confirmation screen to the left below as well as receive a separate email stating that your request for deletion has been completed as seen below on the right.

You have successfully deleted your registration.

## 【About your email settings】

If you have not received any confirmation mails when sending a blank email or completing the registration process, please check the email settings on your phone to confirm whether or not they are properly set up to receive incoming emails.

※The spam email filtering settings on your phone differ between phone providers. Please check out the provided information below about different carriers to learn how to fix your email settings. Otherwise, please contact your carrier directly for support.

### ① PHONE SETTINGS:

Please make sure your phone is set up to be able to receive emails from the address below.

[minamisoma@info.cous.jp](mailto:minamisoma@info.cous.jp)

※If you do not receive the confirmation emails, even if you set your email to be able to receive messages from the email above, try the following:

- The spam email filter may determine that the email is spam and may block the delivered email. In this case, in addition to allowing your phone to receive emails as in the steps above, check the spam-filter settings to ensure you can receive our emails.
- If you have not set permission to receive emails with URLs attached, the email may not arrive if the URL is included in the confirmation email. If you have received an email with a URL, you do not need to change the settings, but if you do not receive it, change the settings for receiving an email with a URL.

### ② HOW TO CHANGE YOUR PHONE SETTINGS:

The URLs below is the current information as of March 1st, 2019.

#### DOCOMO

If you have imode

Email settings and spam email filter settings

[https://www.softbank.jp/mobile/support/iphone/antispam/email\\_i/antispoof\\_rescue/](https://www.softbank.jp/mobile/support/iphone/antispam/email_i/antispoof_rescue/)

Settings for emails with URLs attached

[https://www.softbank.jp/mobile/support/iphone/antispam/email\\_i/antiurl/](https://www.softbank.jp/mobile/support/iphone/antispam/email_i/antiurl/)

## 【About your cookie settings】

In order to use this mail delivery service, you need to change the settings to allow for cookies. Usually this setting is already in place, but it may be necessary to change it manually depending on the model of phone.

※The setting procedure varies depending on each mobile carrier and model.

## 【About addressable characters】

The following character strings cannot be used in the addresses that use this mail delivery service.

1) The symbols other than the following cannot be used.

Dot ( . ) | Hyphen ( - ) | Underscore ( \_ ) | Plus ( + ) | Slash ( / ) | Question Mark ( ? )

2) Accounts starting with a hyphen ( - ) cannot be used.

※If the above address applies to yours, you need to revise the address.

## 【About the SSL manual (SHA-2)】

This mail delivery service uses a communication encryption SSL server certificate (SHA-2).

With some mobile phones that do not support SHA-2, you may not be able to register, change, or cancel your email address because you cannot use the website.

The following errors may occur in the corresponding mobile phone. (※It depends on each mobile phone.)

(Example)

-The site is not displayed, instead a white screen is displayed.

-A message such as "SSL communication is invalid" or "Connection is interrupted" is displayed.

You can check the target mobile phones from the following sites.

● Dejisart (formerly Symantec)

※Reference at the bottom of the page: In the listed file "list\_symc\_ver201503\_rev.1\_wo cross.pdf" for mobile phones etc. with or without cross-route setting,

Models with "X" in the "Symantec SHA-2 compatible SSL server certificate no cross root setting" column are the target phones.
